

Sprint 3 Report
Secuure
The Hash Mappers
November 23, 2016

Actions to stop doing:

- 1)

Actions to start doing:

- 1)

Actions to keep doing:

- 1) Three team scrum meetings per week - The team is able to update one another about individual progress throughout the sprint via the scrum meetings.
- 2) Scrum meeting questions - Everyone remembers and states the three questions during every scrum meeting, “What did I accomplish since last meeting?”, “What I plan to do?”, and “Any obstacles currently preventing me from working?”.
- 3) Effective team communication - The team works well together and communicates effectively whether it be verbally or through an external tool, such as Slack.

Work completed / not completed:

iOS Completed:

- 1) Front-end interface completed. Front-end and localhost backend completely integrated. Random password generator for Swift code, iOS, completed. App successfully connects to public database when connecting via localhost server.

iOS Not Completed:

- 1) Encryption.

Computer App Completed:

- 1) Front-end user interface completed. Front-end to external database connections and functionality completely integrated and functional. Algorithm for random passwords in python completed. Application successfully connects to a public database via the internet.

Computer App Not Completed:

- 1) Encryption

Android Completed:

- 1) Front-end interface completed. Front-end and localhost backend completely integrated. Random password generator for java, Android, completed. App successfully connects to public database when connecting via localhost server.

Android Not Completed:

1) Encryption

Work completion rate:

Total number of user stories completed during this sprint: Implement password generator, Implementing connectivity between frontend and backend both via localhost and public server.

Ideal Working Hours:

	Sprint 1 - Work hours	Sprint 2 - Work hours	Sprint 3 - Work hours	Total work hours	Average work hours per Sprint
Isaak	12	15	30	57	19
Jamielynne	12	12	26	50	16.7
Sam	10	10	27	47	15.7
Alex	12	15	25	27	13.5
John	8	14	34	50	16.7
Steven	15	20	30	65	21.7
